# TRUE CUSTOM DOWN TO THE LAST STITCH

What sets True Custom apart? In a nutshell: no compromise. It means having control over every aspect of the process, from design to delivery. Our team works with you to achieve your apparel goals, no matter how elaborate or specific.

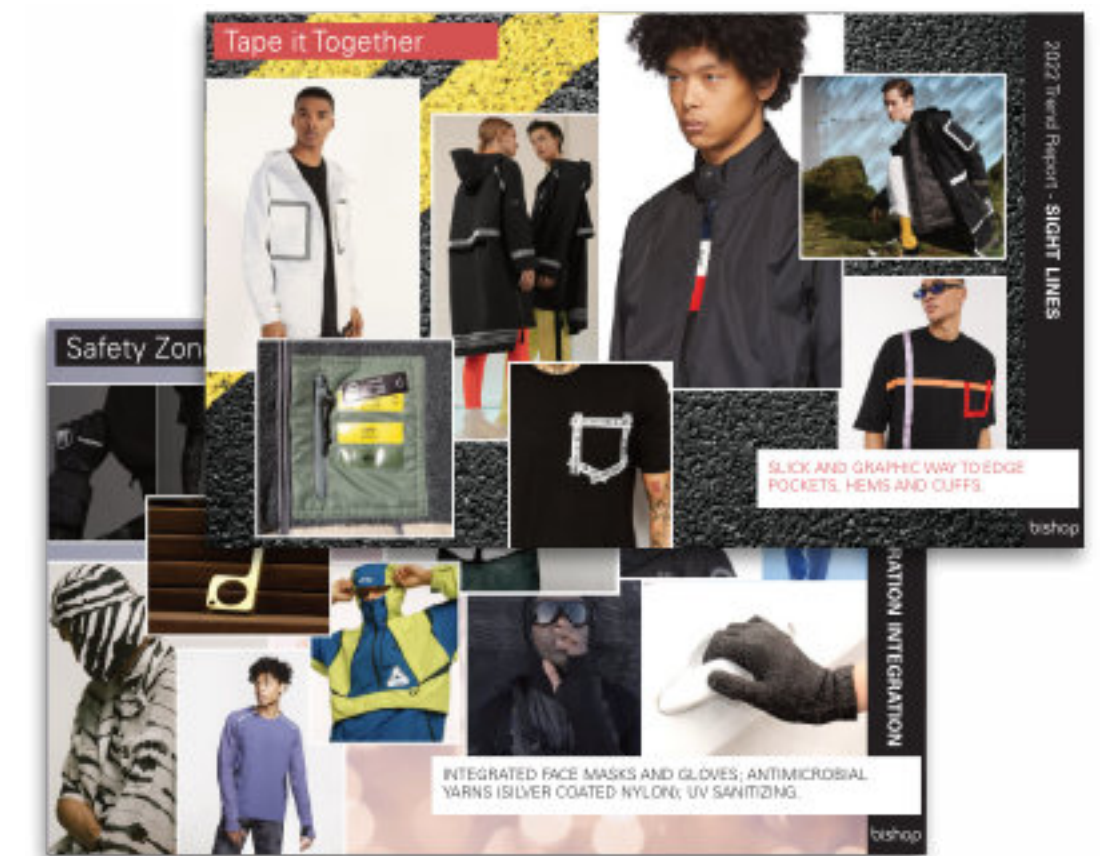

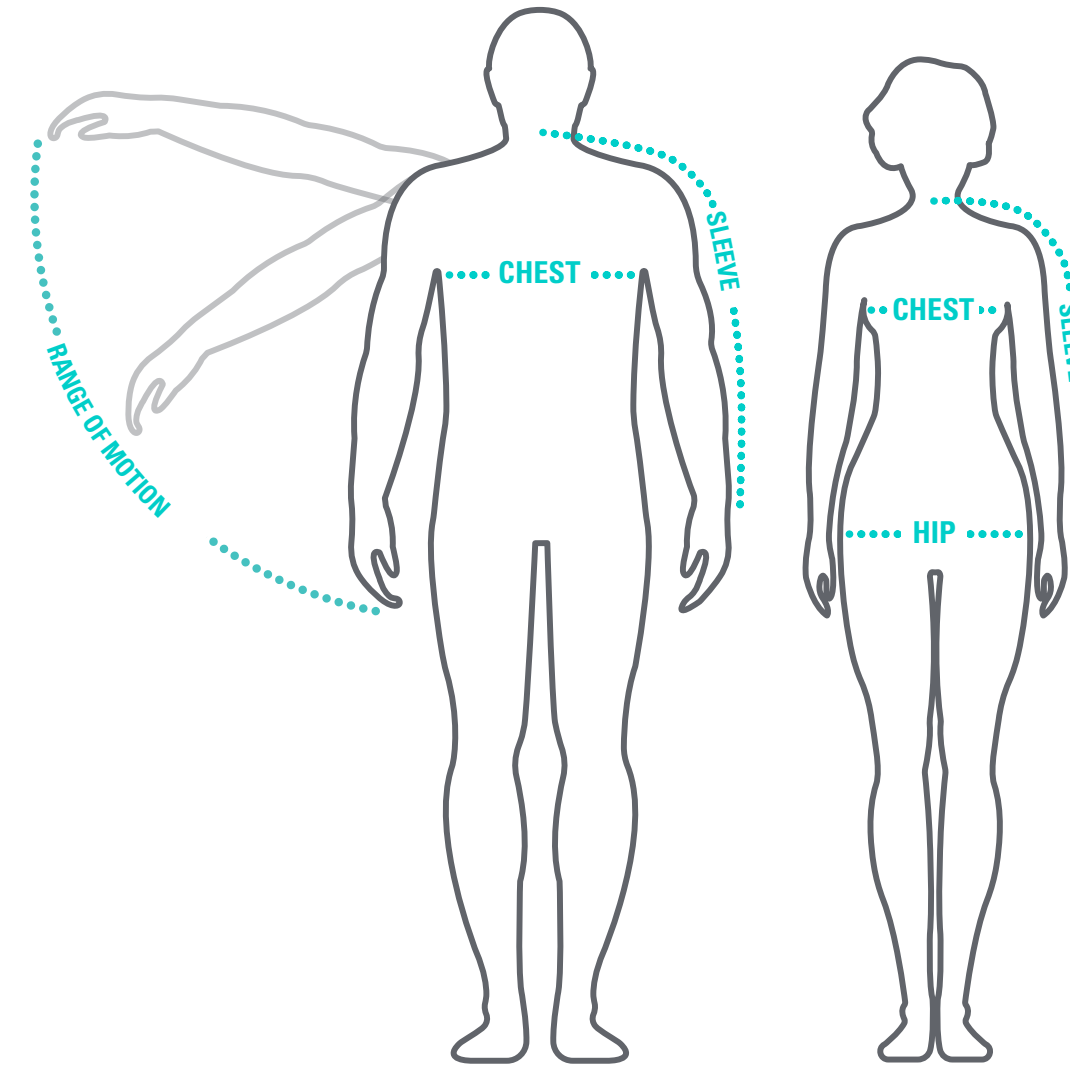

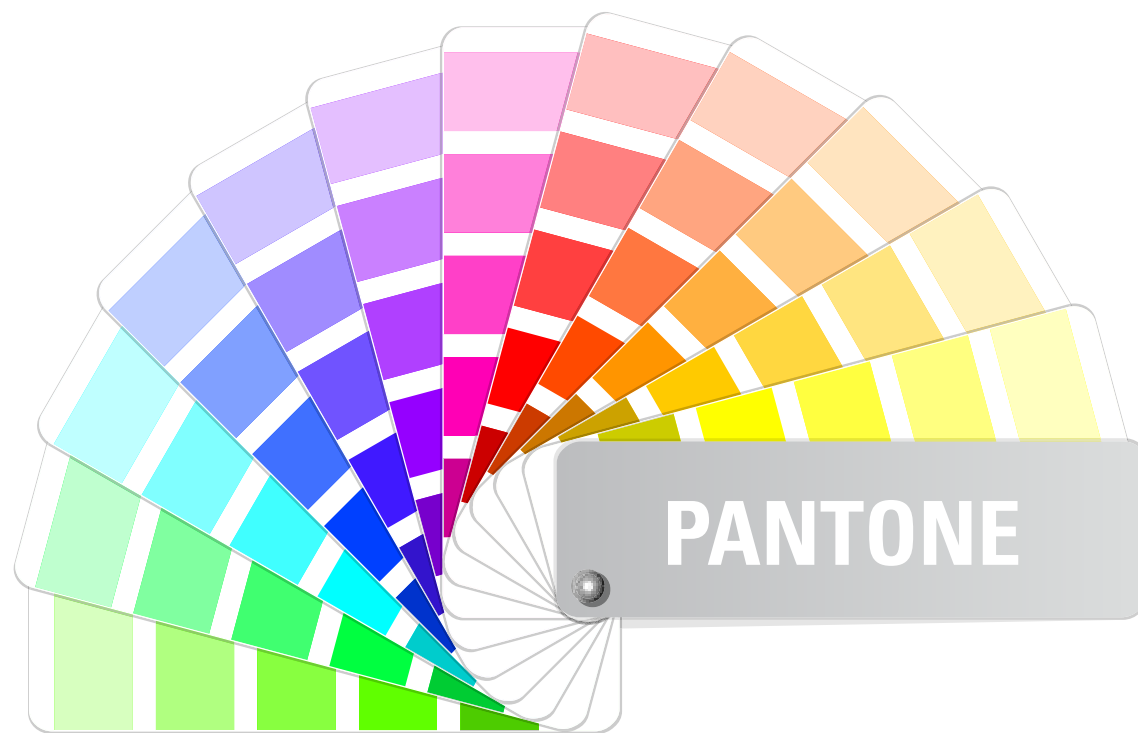

## What does True Custom mean?

### **cus-tom-ize** *verb*

Add a logo or graphic to a pre-made garment. What the others do.

### **[true] cus-tom** *noun*

Every garment made-to-order. Custom fabrics. Custom colors. Custom decorations. Complete control over the entire process, start to finish.

## Your Exact Color

Fabrics dyed to a precise Pantone color match. Receive lab dips to approve the color before production begins.

## Built with Your Brand in Mind

Branding incorporated at the first step of the process and applied in ways that simply can't be achieved with off-the-shelf apparel.

## Fit & Ergonomics

How do you want these pieces to fit your team? We can create custom sizing sets to suit your specific needs.

## Always in Style

True Custom means always being on trend, unlike off-the-shelf or semi custom options which are typically years behind.

# SUSTAINABILITY & SOCIAL RESPONSIBILITY OPTIONS

True Custom apparel opens you to a world of sustainable manufacturing and social responsibility. The fabric your garments are composed of, the trim and decorations, and even the packaging they are shipped in can be made as sustainable as possible.

Factory partners that uphold the highest standards

Poly bags made from recycled plastic

The industry's leading alliance for sustainable production

Recycled fabrics certified to a trusted global standard

Recycled polyester fabric made from plastic bottles

Regenerated cotton to save water

**PLASTIC BOTTLES**

Post-consumer bottles are collected.

**FLAKE**

Bottles are washed and chopped into flake.

**REPREVE RESIN**

Bottle flake is melted and formed into resin.

**REPREVE RECYCLED FIBER**

REPREVE resin is melted and made into REPREVE yarn.
